Greetings Security Committee – grateful for the thoughtful discussion this morning. Thank you for your attendance. As promised, here is the information that Dan Haldan described – it is helpful to answer questions people might have about what the city can and cannot do with respect to encampments, or belongings left on the public right of way.

**MITCH
O'FARRELL**

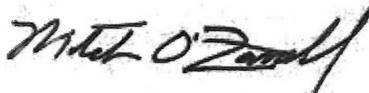

**13th
DISTRICT**

Kerry H. --

I am working long term to solve our affordable housing crisis in the City of Los Angeles, while addressing the short term needs of the homeless members of our community. Encampments have been growing throughout the city and especially in the 13th District. As Councilmember, I must balance the needs of my constituents who demand that our streets and sidewalks remain clean and unobstructed, while approaching encampments with compassion. The City is under both a court ordered injunction and a settlement agreement that impact how the City addresses these issues.

I want to share with you a set of guidelines, as well as a list of numbers for supportive services in our community. Below are some commonly asked questions my office receives from constituents, followed by how we respond. This link will take you to my website with the information.

Team Mitch kicked off the first **Councilmember In Your Corner Community Walk** of 2015 in East Hollywood with a great showing from neighbors. The Councilmember, his staff, and more than a dozen volunteers provided constituents who attended the event with free smoke detectors and fruit trees. The Councilmember expressed his appreciation to the Los Angeles Department of Water and Power, *My Safe LA*, *City Plants*, and the *LA Beautification Team* for the contributions that helped make the event a success.
